ACUPUNCTURE for the PEOPLE

Consent for Treatment by Traditional Chinese Medicine

I, the undersigned hereby authorize the licensed Acupuncturists (L.Ac.) of *ACUPUNCTURE for the PEOPLE, LLC* to perform Chinese Medicine treatment methods which may include acupuncture, acutonics (tuning forks), moxibustion, cupping, Gua Sha, bleeding, ion pumping cords, herbal therapy, dietary and lifestyle advice.

*I understand that these treatments are all safe, natural methods of healing
and I recognize the potential risks and benefits of these procedures as described below*

POTENTIAL BENEFITS: Relief of presenting symptoms, improved health and wellbeing, reduced stress and an overall balance of bodily energies which may lead to prevention or elimination of your main complaint(s).

POTENTIAL RISKS: *Acupuncture* – Although uncommon, there is a potential for acupuncture to cause temporary bruising, swelling, bleeding, numbness, tingling, and soreness at the needle site that may last a few days. Unusual risks of acupuncture include dizziness, fainting, nerve damage or possibly the aggravation of symptoms existing prior to treatment. Infection is a slight possibility even though our clinic uses only sterile disposable needles and maintains a clean and safe environment.

Moxibustion – Burning of moxa (a Chinese herb – Mugwort) on or near the body has the potential risk of burns, blistering or scarring. ***Cupping and Gua Sha*** – may cause temporary bruising or redness lasting a few days.

Herbal Medicine – Some possible side effects of herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives and tingling of the tongue. I understand that I must stop taking any herbs and notify my acupuncturist as soon as I experience any discomfort or adverse reactions. Large doses taken without my practitioner's approval may be toxic and some herbs may be inappropriate during pregnancy.

PREGNANCY: Acupuncture can be very beneficial in the treatment of symptoms during pregnancy, assisting in the birthing process and postpartum. I will notify my acupuncturist should I become pregnant or if I am in the process of trying to get pregnant so that my practitioner can avoid points or herbs that could induce premature labor or miscarriage.

CANCELATION POLICY: I recognize that scheduling an appointment involves the reservation of time specifically for me and I agree to give at least 24 hours notice to cancel or reschedule an appointment. *A no-show fee of \$15 will be charged for sessions missed without such advance notification.*

PRIVACY: Since several people are being treated in the same room at once it is vital that we work together to respect your privacy and the privacy of others. Let us know if there are certain topics that need extra discretion or if you prefer to do your intake in a more private setting. If you happen to overhear someone else's private information, please keep it to yourself, you'd want others to do the same for you.

With this knowledge, I voluntarily consent to the above procedures and policies, realizing that there is no implied or stated guarantee of success or effectiveness of a specific treatment or series of treatments regarding the cure or improvement of my conditions. I hereby release ACUPUNCTURE for the PEOPLE, LLC and its practitioners from any and all liability which may occur in connection with the above mentioned procedures, except for failure to perform the procedures with appropriate medical care. I understand that I am free to withdraw my consent and to discontinue participating in these procedures at any time.

Please...

- 🕒 Try to arrive a few minutes early to relax, check in, have some water or visit the restroom if you need to.
- 🕒 Fill out any necessary paperwork and bring it with you to your appointment. (You may arrive 20 minutes early to fill them out at the office)
- 🕒 Make sure to have something to eat 1 to 2 hours before your appointment (don't arrive on an empty stomach).
- 🕒 Wear loose, comfortable clothing that can be pulled up above the knees and elbows. Wear a tanktop if your acupuncturist needs access to your neck or shoulders.
- 🕒 If you brush your tongue or usually wear make-up, try to skip it the day of your treatment to allow for a more realistic assessment. And please no oils or perfumes.
- 🕒 Avoid coffee, alcohol, sugar, and greasy foods before your treatments.
- 🕒 Silence your cell phone or pager while you are at the clinic
- 🕒 Talk in a soft voice to maintain a relaxing atmosphere and not disturb other clients.
- 🕒 Respect the privacy of other clients - if you happen to overhear someone else's private information, please keep it to yourself - you'd want others to do the same for you.
- 🕒 Let us know if you need to be somewhere after your treatment so we can make sure that you're out on time.

About Your Acupuncture Treatment

Your first visit will last about 1 ½ to 2 hours (return visits are only an hour long). We'll begin by asking about your health history and current condition. Next, you'll be asked to stick out your tongue and we'll 'listen' to the pulses of both wrists. While the acupuncturist develops a diagnosis and treatment plan you can remove your shoes, roll up your pants and relax on a treatment table or comfy recliner.

The treatment is simple and only takes a few minutes. We only use sterile, disposable needles that are super thin (like a cat's whisker). They come inside a small plastic tube that we place on the acupuncture point and then tap the needle in place. As we guide it to the right spot, the energy in your body will gather at the point. You may feel a dull ache, a warm tingling sensation, or electrical impulses that travel up or down the body. This means that the point is being activated and is not only normal, but expected.

Your comfort is important to us, so please communicate what you're experiencing. Pain is not a part of the therapeutic response so if you feel a sharp or poking sensation let us know. It's common during insertion to feel very slight prick that will subside quickly, but occasionally the needle will enter a hair follicle. This may feel like a pinch or a mosquito bite. In this rare case, the needle will be removed, and we'll try that point again later. Most sensations will subside quickly and you may even forget that the needles are there!

Once all the points are in, we'll make sure you're comfortable and warm enough before we leave you to rest and let the needles do their job. Try not to move with the needles in, just relax and take a nap if you like. After about 30-45 minutes you'll notice the relaxation coming to an end, your eyes want to stay open and you feel ready to get up. Just make eye contact and your acupuncturist will remove the needles.

Take your time getting up and composing yourself to re-enter the outside world. Some people feel rejuvenated & energized, others report a 'spacey, blissed out feeling' after acupuncture. It's not uncommon to feel tired after the treatment, so plan your day accordingly.

We'll discuss a treatment plan and schedule future appointments. Your first visit is a sliding scale of \$30-50, and return treatments are \$15-35. You decide what to pay. On the reception desk you'll find a little red envelope with your name on it. Put your payment in the envelope and drop it through the slot in the wooden box. We accept cash and checks. Be sure to let us know if you need change and make checks payable to "Acupuncture for the People."

If for any reason you need to cancel or reschedule an appointment, please give at least 24 hours notice or you will be charged a \$15 fee for that appointment.
